

MIIA Employee Assistance Program

Schools face increasingly complex challenges. Teacher burnout, high turnover, safety concerns and compliance requirements create tremendous demands. That's why we offer you MIIA Employee Assistance Program (EAP). Our 30 years' experience working with schools has resulted in the following customized services.

School Programs

Counseling and Referral Services

Employees now have a resource to help stay healthy and productive. Free services include confidential counseling, child/elder care information and referrals, and financial/legal consultation.

Consultation regarding Performance Problems

When you are struggling with employee performance issues and need assistance, talk to one of our consultants for guidance. We offer you and your employees resources to help get performance back on track.

Team Building Services

Effective teams are vital to the health of your organization. Our team development services provide opportunities for your work groups to increase their productivity.

School Trauma Response

When a work group experiences a traumatic event (sudden death, accident, etc.), we support your employees by facilitating meetings to discuss the impact of the incident and offer coping strategies.

Trainings

We come to your worksite and offer customized educational programs for teachers and support staff. The following are several examples of our trainings:

- Enhancing your Resiliency
- Bullying Behavior: Strategies for Teachers
- Creating Successful Partnerships with Parents
- Preventing Workplace Harassment
- Conflict Negotiation Skills
