

# Goals and Grace Worksheet

**Connection** - how does this goal connect to your larger vision?

**Risk** - what are some things you can anticipate will be challenges and how will you choose to fail forward instead of giving up?

**Accountability** - who will be instrumental in helping you provide grace through this process?

It's not about the goal or the dream you have, it's about who you become on your way to that goal.

- Rachel Hollis
